

IMPORTANT FROM CUBA.

The *pronunciamiento* for independence was made on the 4th of July, on which day the first battle may be said to have taken place.—The Government troops previously sent out to make prisoners of any revolutionist, came up with the guerilla party of Joaquin Agüero y Agüero, at the foot of the Casero mountains, and about four or five miles from the village of that name. The Cubans numbered 200 men, and the Spaniards 300 men, consisting of 100 lancers and 200 infantry. After a sharp engagement, the Spaniards fled, their captain being killed, and twenty others, together with eighteen wounded. The Cubans had only two or three wounded, and none killed. Twelve of the Spanish soldiers came over to the Cuban side. This battle inspired very great confidence among the people, and immediately the numbers of the insurgents increased rapidly. At the last account their numbers were in all as high as 1000 men. These were divided up into five guerilla parties of 200 each, under the command of Joaquin Agüero, Francisco Agüero y Estrada, and Ubaldo Arteaga Pina. These parties are stationed around in the strongholds, in the vicinity of Casero and Principe, drilling and augmenting their numbers.

After the battle of the 4th, the Spanish troops hurried back to Principe, seventeen leagues from Casero. When the news of the defeat reached Principe there was a great excitement among the people, and nothing but the large number of soldiers prevented a general rising and massacre among the troops. The garrison is over 4,000 strong; but notwithstanding this large number, General Lemery did not deem it prudent to withdraw a single man to go in pursuit of the Cubans, for fear of a rising, but waited the arrival of reinforcements from Havana, having sent for 2,000 men. Thus, while General Lemery was at Principe the Cubans were gathering numbers and strength. It will be recollected that our advice by the Cherokee stated that troops had sailed from Havana for Principe, which is four hundred and fifty miles distant.

At the last accounts from Principe, many of the Cubans had left the place to join the Guerillas. From the town of Bayamo a party of two hundred men had gone up, from Villa Clara one hundred, and numbers from Neuvas and all the towns in the vicinity of Principe. As fast as the news spread, the people sent off parties to the mountains, so that the numbers of insurgents will have become very formidable before the Spanish troops can be brought against them; but the Cubans are poorly armed, and labor under many disadvantages.

Agüero Sanchez was confined in prison at Principe. He is the son of one of the most influential men in the place. It is supposed he will be shot.

NEW ORLEANS, July 25.

The steamship *Falcon* has arrived at this port, from Havana. She brings the California mails, and later accounts from Havana.

Private advices state that a revolution had broken out in Matanzas and in Santiago de Cuba.

Large bands of the insurgents were in the mountains, and it was supposed the insurrection would spread rapidly.

A fight between a portion of the insurgents and a corps of government lancers, resulted in the defeat of the lancers, and they afterwards joined the enemy.

The government was beginning to manifest considerable alarm.

(Second Dispatch.) N. ORLEANS, July 25, P. M.

A private letter has been received here from a highly influential American merchant in Havana, stating that the Spanish Government is endeavoring to smother the particulars of the recent outbreak at Puerto Principe, in order to prevent creating any sensation in the United States.

The insurrectionary movement is represented as being quite formidable. Americans have been for some time past drilling the insurgents.

It is said that a ship from New York, with arms and ammunition for the insurgents, had succeeded in landing her cargo. Several others are daily expected to arrive.

The Government has spies out in all directions. Two Spanish officers of high rank, had been imprisoned on suspicion of favoring the insurgents.

It is reported that an American had been garroted on suspicion of being concerned in the insurrectionary movement.

CHARLESTON, July 25.

The steamer *Isabel*, short of coal, has arrived at Savannah. She brings later advices from Havana, from which we learn that a portion of Col. Conte's regiment, consisting of nine officers and thirty men had been taken prisoners at Puerto Principe by the insurgents.

HAVANA July 22—3 P. M.
The patrol attacked Col. Conte, who was rafting his troops across a river near Puerto Principe, and killed three hundred, and took the Col. and other officers prisoners. The *Gaceta* announces another outbreak in the Vuelta Abihu. Several companies have gone over.

(Another Dispatch.) CHARLESTON, July 25.
There has been sent by the *Isabel* a paper printed a few minutes before her leaving, stating that the patriots had been defeated in one of their positions. This is false. It was printed by the order of the government, to deceive the people of the United States.

The patriots defeated the Spanish troops in an engagement, on the 15th of July. They fought bravely for twelve hours, with but few fire-arms, making many prisoners, among them the Col. of the fifth regiment. The patriots had many wounded and five killed.

Their cry was—Lopez, Quitman, and Liberty.

A NEW ENEMY TO THE POTATO.—We take the following piece of information from a late copy of the *Poughkeepsie American*:

Our attention was called, a day or two since, to the ravages of a new enemy of the potato-grower. In a fine patch of potatoes, which otherwise might give more than the average yield, thousands of insects were feeding, and so great were their ravages that many vines were stripped of their leaves and apparently killed. These new potato destroyers, of which we counted nineteen upon a hill, are winged, an inch long, of purple colour. The potato-vines seem their only food.

A run is being made on the Cabot Bank, Chocoma, Mass. A large amount of the notes of this bank were used west this season in the purchase of wool.

NEW YORK, July 17.

WARLIKE RUMORS.—A steamship is now building and will be finished about the 1st of September. She is intended to ply between this city and Galway, stopping at Halifax, and make the trip between Galway and Halifax in six days; if not, the builder's contract is void.

She is to hold from eight hundred to one thousand second class passengers, besides having accommodations for the first class passengers.

From Washington we hear that this government has determined that the Hawaiian Independence shall be respected by France; that hostile interference by France in the Hawaiian affairs shall not be tolerated, and that the United States will never permit the transfers of those interests to the counsel of any foreign power.

The Cabinet came to a determination last week on these subjects, and the French government will be notified that its present hostilities against the Hawaiian Government will be resisted even at the hazard of war; that the Hawaiian people ask our protection and ultimately annexation.

It is also stated that should France persist in her course, it may lead to some close political and commercial connection between the United States and the Sandwich Islands.

Our Minister to France has been written to upon the subject, and will make proper representations to the French Government of the feelings and intentions of the United States Government.

FATHER MATHEW.—This most devoted friend and benefactor of his race, has been for a few days sojourning in Pittsburgh, and his labors there in the cause of temperance have been amply repaid by the accession of hundreds to the ranks of total abstinence. All classes and denominations seem to come under his influence, and the great object of his mission, appears to have been fully appreciated in the Iron City.—It is a source of unaffected sorrow that the declining state of his health, will probably preclude the possibility of his reaching this city in compliance with the urgent request of our municipal authorities, yet we trust, that as long as his life is spared, his influence and exertions will still be crowned with the abundant and unexampled success which has hitherto attended this Apostle of Temperance in every quarter of the world. WASHINGTON, July 21.

The efforts which are being made by Government to induce Mexico to recognize her grant across the Isthmus of Tehuantepec, amounts to nothing. The Mexican Government is firm in its determination to make no exclusive arrangements with any company, but has announced its readiness to enter into a treaty with New Granada.

The Secretary of the Interior has appointed twenty-five additional clerks in the Pension Office.

TAX TITLES.—The Supreme Court, at its last January session held at Detroit, says the Western Union, decided on an appeal from the Northern Circuit, that tax deeds derived by County Treasurers for sales of delinquent tax lands, were void from the beginning. This carries out the common law doctrine, that public officers cannot purchase at their own sale. [Det. Tribune.]

EPISCOPAL MISSIONS.—Three Missionaries of the Episcopal Church are to leave this country for foreign lands during the present year; Rev. Mr. Keith, and the Rev. Mr. Nelson, of the Theological Seminary at Alexandria, and Rev. Mr. Hubbard of Boston. [Chicago Tribune.]

Rev. W. Mellen and wife embarked from Boston, on the 22d ult., in the new bark Spring-bog, Capt. Hunt, for Cape Town, as missionaries of the American Board, to the Zulus of South Africa.

The soil of the Territory of Minnesota is said to be admirably adapted to the culture of flax. Some enterprising capitalists at the east have invested \$30,000 in a flax and cordage manufacturing establishment at St. Paul.

SINGULAR FACT.—It is recorded as a singular fact, that during the late terrible great conflagration at San Francisco, not a single house of worship of any kind was destroyed, while every gambling house but three was burned.
